	1	2	3	4	5	6	7	8

NOTES: On the Launchpad, 1-4 correspond to the four fader banks Volume, Pan, Send A/B, * indicates bipolar controls; check launchpad.map for details. Same layout of controls on the Launch Control XL and the MIDIMIX. Important performance controls are **highlighted**. Categories of controls are shown above and below the table. All controls are from the parameter panel, except pos (the „scrubbing“ control) which is in the time subpatch.

Bottom pad rows on the Launchpad in session view, same as button controls on the Launch Control XL:

voice controls				looper controls			
mute	latch	bypass			load	save	loop
		raptor	rewind		prev	next	play
