Fader banks on the Launchpad and Launchkey, same as faders and knobs on the Launch Control XL:

	1	2	3	4	5	6	7	8
	arpeggiator			anacrusis	tempo and meter			
1	hi*	lo*	mode	pos*	tempo	num	denom	division
2*	velmod	pmod	gain	gatemod	hmod	prefmod	smod	nmod
3	minvel	pmin	wmin	gate	hmin	pref	smin	uniq
4	maxvel	pmax	wmax	gate	hmax	pref	smax	nmax
	velocity	probability	pulse filter	gate	harmonicity	harmonic preference	step size	note density
	1	2	3	4	5	6	7	8

NOTES: Categories of controls are shown above and below the table. All controls are from the parameter panel, except pos which is in the time subpatch. On the Launchpad/Launchkey, 1-4 correspond to the fader banks Volume, Pan, and Send A/B. * = bipolar controls. Check launchpad.map for details. Same layout of controls on the Launch Control XL and the MIDIMIX. Important performance controls are **highlighted**; these are readily available on the **Device bank of the Launchkey**, see below:

mode	pos	gain	gate	hmin	hmax	pref	prefmod
------	-----	------	------	------	------	------	---------

Bottom pad rows on the Launchpad/Launchkey in session view, same as button controls on the Launch Control XL:

voice controls				looper/transport controls			
mute	latch	bypass			load	save	loop
		raptor	rewind		prev	next	play
